SAP Sourcing OnDemand
Supplemental Terms and Conditions

SAP and Customer have entered into an agreement for the purchase of certain SAP products and services ("Agreement") pursuant to which Customer is purchasing SAP Sourcing OnDemand. SAP Sourcing OnDemand is deemed part of the Service (as defined in the General Terms and Conditions for SAP Cloud Services) and is provided under the terms and conditions of the Agreement. The Agreement includes an Order Form, the General Terms and Conditions for SAP Cloud Services, these supplemental terms and conditions (the "Supplement") and any Schedules referenced by those documents. This Supplement and any modifications to the Agreement made herein apply solely to SAP Sourcing OnDemand and not to any other SAP product or service.

1. Customer will receive access to the number of Named Users specified in the Order Form. Named User types (as defined below), SAP Sourcing On Demand Packages and Functional Packages are stated below. Customer may not mix Standard and Premium Functional Packages under the Order Form. Each Named User is restricted to utilize only those Functional Packages licensed for the respective Named User types, as follows:

   Event Owners – for Strategic Sourcing On Demand are Named Users authorized to create, modify and delete: RFx, Auctions, Projects (Premium Package Only), Strategic Sourcing Reports, Workbench, Events in Xpress Bidding Module (Premium Package Only) and Basic Supplier Management Onboarding.

   Contract Authors – for Contract Lifecycle Management On Demand are Named Users authorized to create, modify and delete: Contracts and Master Agreements; Clauses and Templates, Contract Lifestyle Management Reports, Workbench and Projects (Premium Package Only).

   Supplier Owners – for Supplier Management On Demand are Named Users authorized to create, modify and delete: Requests for Information, Supplier Profiles, Supplier Master Data, Projects, and Supplier Management Reports.

   Key Users - Named Users that have been granted administrative rights. These rights shall include Named User management and authorization management.

2. To the extent Customer has a current valid perpetual license for SAP Business Suite software, Event Owners, Contract Authors and Supplier Owners are permitted to access the SAP Business Suite Software through the Service only for the limited purposes of performing the following transactions: Purchase Requests, Purchase Orders, Operational Contracts, and Vendor Master Management. Services to enable the integration with SAP Business Suite on-premise software are not included unless the ERP Integration Fee is paid as specified by the Order Form.

3. Casual Users are Named Users who are (i) employees of Customer limited to read-only and edit access authorization profiles as configured in a Service package or (ii) employees of Customer's suppliers who access any Service package for the sole purpose of entering or reading data related to Customer's sourcing activities with such supplier. Casual Users do not count toward the Named User total licensed pursuant to the Order Form.
