SAP Rapid Deployment Solutions

Run Better with Solutions for Your Most Urgent Business Needs

Address Current and Future Business Needs in Weeks

No matter what size your business is, you need solutions that meet your specific requirements and integrate with your current solution landscape. Finding solutions that support a specific line of business or business process and integrate with a centralized information system is critical.

SAP, together with a broad ecosystem of partners, offers a wide range of modular – and fully integrated – solutions for core business processes. These solutions are designed specifically for rapid deployment in companies of all sizes and offer a wide range of functionality to suit your specific industry, business process, or line-of-business requirements.

SAP® Rapid Deployment solutions incorporate best practices, preconfigured content, and end-user materials to speed time to value for your investment.

With a fixed scope and cost, rapid-deployment solutions from SAP and its partners help you meet your project deadlines, stay within budget, and quickly achieve the business and IT results you want.

On the following pages you will find a snapshot of the available SAP Rapid Deployment solutions. To see details on the very latest solutions available, please go to www.sap.com/rapid-deployment.
