Why SAP Was Engaged

- Provide proven ERP solutions for midsize enterprises based on SAP Best Practices
- Provide top-quality products and services, which are a good match for ADP's needs

Engagement Highlights

- Using the SAP ASAP Focus methodology as a guide resulted in safe and affordable implementation.
- Preparation ADP received on the use of the SAP All-in-One ERP package served as the base for their own offering.
- SAP Consulting worked with the SAP Education organization to provide an expert training session and services support.

Scope of Engagement

- SAP All-in-One ERP package for finance and controlling back-office activities, localized for Argentina
- SAP ASAP Focus methodology
- Training on the tools and accelerators within the SAP Best Practices offerings

ADP Consultores is an SAP® consulting service partner with operations in Argentina, Chile, and Uruguay. The company provides high-quality consulting services to international clients, including project management, software development, training, maintenance and support of operations, and industry-specific knowledge. Expert services from SAP helped ADP expand its offerings.

“We were challenged to change our back-office system due to the explosive expansion plans of the company. We decided to adopt the already proven solution called SAP All-in-One ERP package. This way, we can run our business using the same SAP best practices that we implement for our customers.”
